***Subject: Thales confirms end of production, sale and delivery of military solutions containing white phosphorous.***

Dear Madam, Sir,

**In line with our previous public commitments, I am pleased to confirm to you that, already effective, Thales has fully stopped producing, selling and delivering any kind of military solution containing white phosphorous.**

Thales's success in its markets is largely based on the trusting relationships that the Group develops with all its stakeholders. Taking this decision demonstrates once again how concerned the Group is with potential controversies related to its products and services.

We remain fully at your disposal should you need any further information on this subject.

Yours sincerely,

*Christophe Salomon*  
*Executive Vice-President*  
*Land & Air Systems*  
*Thales*
